

# Andrés Medina

## Full Stack Developer

andres.medina.arg@gmail.com      Cel. +54 93816713512      Tucumán - Argentina.  
www.linkedin.com/in/andres-medina-arg      github.com/anmedina-arg

Industrial Engineer. Full Stack Developer. I have experience developing SPAs at Henry's bootcamp, personally and as a team, using HTML, CSS, JavaScript, React, React-Redux, NodeJS, Express, Sequelize, SQL, GitHub, among other industry technologies. I worked with a team of bootcamp colleagues, revealing a development and production environment for a sneaker e-commerce, implementing agile technologies (SCRUM) for teamwork, using Trello and constantly reviewing the flow of changes on GitHub (resolution of conflicts). In addition, I have developed soft skills, such as: leadership, teamwork, continuous improvement, analytical thinking and self-motivation; skills that I have learned in 9 years working as a process engineer at Arcor

### TECHNOLOGIES / SKILLS

HTML, CSS, Javascript, React, React-Redux, NodeJs, Express, Postgres, Sequelize, Figma, Scrum.

### PROJECTS

#### Full Stack Web Developer - Countries App

may 22 - jun. 22

Henry Bootcamp, Buenos Aires, Argentina.

Design and develop a SPA on countries and tourist activities, including: searches, filtering, ordering, validations (front and back), databases with CRUD methodology.
